 Sonoma	8'	9'	11'	Single Tier, Redwood Rabbetted Bevel	\$1000	\$5100

All of our gazebos are built by our own craftsmen using high quality redwood and cedar lumber. We have complete control over the quality and design. Unlike our competitors, we utilize heavy duty steel connectors and bolts at critical joint locations to help create a gazebo that will satisfy the most scrutinizing consumer both in style and integrity. We invite you to compare the difference. Just give the competitor's gazebo a little push --- you'll soon find out about the **BERCO** difference.

**Prices subject to change without notice.
